

Aurora Borealis Weekend

2020 Dates

Aug 21-24

Sept 4- 7

The Northern Lights

The spring equinox and the longer nights as we head into the fall are perfect times of the year to watch for Northern Lights. Join us for an incredible astronomy experience, camping & observing the beautiful night skies of Manitoulin on site in the RASC designated Dark Sky Preserve at Gordon's Park. The Dark Sky Preserve offers exceptionally dark skies, no light pollution, 360 degree observing from horizon to horizon and 21.45 SQM, meaning even the faintest of auroras are often visible.
